

Eden Central School
Supplemental Educational Services (SES) Request Form
2014 – 2015 Enrollment Window #2

Schools in Vermont who have not met Annual Yearly Progress (AYP) for two consecutive years or more in reading and/or mathematics need to provide supplemental educational services at *no cost to parents* that take place outside of the regular school day and are provided by service providers that are not affiliated with the school. Only Eden Central School students who are eligible for free or reduced meals at school may receive these services. Parents should select a tutor from a list of providers approved by the State of Vermont. *The school does not provide transportation for these services.* The list of approved providers is attached to this letter.

Please complete this form to request tutoring services for your child by January 30th. (You may request services for more than one child on this form) We will contact the provider giving them the details of your request once we have received this form and confirm that your child is eligible for free/reduced price meals. Please contact Jeffrey Lindgren at 635-6630 ext 6786 if you need any support for this process. **If your child is already receiving supplemental services they will continue until the allotted Title One money for your child has been used for this year.**
